

Grants

(funded by Prostate UK administered by the Federation)

For the second year running, Prostate UK have generously made available funds for small grants to be paid to patient support groups which are members of the Federation, to assist with running their organisations, raising awareness or providing support to their members.

This year a total of **£5,000 is available**. The grants, which may be of up to **£500 each**, are managed by the Federation. Example cases where a small grant would be viewed favourably are equipment purchase, advertising, web space purchase and web design.

Last year the full amount allocated, of £2,500, was awarded to 12 member organisations, for a variety of projects, including postage, design of leaflets, update of a website, and general assistance with funding the costs of running support meetings.

This year we propose to allocate the grants in four tranches of about £1,250 each, quarterly. Applications for funds out of each tranche will close at the end of June, September, December 2009, and March 2010.

To apply for a grant, you can complete the form overleaf, or download the Application Form from:
